

Opera at Dicapo Opera Theatre

For kids and Adults

Dicapo Opera Theatre's General Director, Michael Capasso leads students on their operatic adventure as he teaches them the proper terms used to honor singers, moves the plot forward at intervals, and explains how sets are changed between acts.

Following each performance students participate in a lively Q&A session and a backstage tour, where they meet the singers and ask questions all about the show!

Please note that these performances are shorter versions of the original and have been created for students of Italian to better understand the opera.

Schedule for 2009
